RINSE FREE FORMULA

Directions for use:

For general purpose cleaning: Dilution ratio is 1:8. Add Complete Concentrate into the mixing bottle up to the general purpose cleaning line (79 ml) and add water to fill ring.

For medium soil conditions: Dilution ratio is 1:4. Add Complete Concentrate into the mixing bottle up to the medium soil cleaning line (142 ml) and add water to fill ring.

For Heavy duty cleaning: Dilution ratio is 1:2. Add Complete

Concentrate into the mixing bottle up to the heavy duty cleaning line (237 ml) and add water to the fill ring.

Once diluted, turn sprayer nozzle to the open position and spray soiled area. Wipe area using a clean lint free cloth or paper towel. For larger vertical surfaces, such as walls, start at the bottom and work your way up. After use, return spray nozzle to the closed position.

Note: Do not mix Complete Concentrate with any other chemical product.

Keep this product out of reach of children. Read the Material Safety Data Sheet and the Product Label before using. Take the necessary precautions dictated by the label to ensure that your health and that of your customers' is protected.
