CLEAN-ZYME

Clean-Zyme is a powerful powdered enzyme prespray formulated to break through and digest animal, vegetable and petroleum oils.

pH: 11.0 diluted
Packaged: 8 lb & 50 lb

Directions for use:

Do not mix this product with any other chemical product. Pretest in an inconspicuous location. Product not for use on wool or other natural fibres.

Light soil: Mix 2 oz of Clean-Zyme into 3.78 L (1 gal) of hot water until completely dissolved.

Heavy soil: Mix 3 oz of Clean-Zyme into 3.78 L (1 gal) of hot water until completely dissolved.

For use in a HydroForce™ sprayer with no tip: (4:1) Mix 10 oz of Clean-Zyme into HydroForce™ jug and fill with hot water. Shake until completely dissolved.

For use with a yellow tip: (8:1) Mix 18 oz of Clean-Zyme into HydroForce™ jug and fill with hot water. Shake until completely dissolved.

Spray mixed solution onto carpet at a rate of 800-1000 square feet per 3.78 L (1 gal) moistening the carpet fibre.

Using a carpet groomer agitate the prespray into the carpet fibres and allow 15 minutes dwell time before final rinse using hot water extraction.
