GENERAL SPOTTER

General Spotter is a versatile spotter that removes a wide variety of common stains. General Spotter can be used on synthetic and natural wet cleanable fabrics, it also meets specifications for use on stain resistant carpet.

pH: 6.7

Packaged: 1 L & 4 L

Directions for use:

Do not mix this product with any other chemical products. Pretest in an inconspicuous location for color fastness.

General Spotter is a ready to use product. Apply General Spotter directly to the stained area, tamp the area using a tamping brush for agitation, allow to dwell for 2 minutes. Using a clean white towel blot the area working from the outside edge inwards to prevent spreading of the spot or stain. Rinse area thoroughly with hot water extraction.
