POWDERED DEFOAMER

Powdered anti foaming agent

Powdered Defoamer eliminates troublesome foaming in recovery tanks from detergent residues left in carpets and upholstery fabrics.

- **Dilution Ratio: Ready to Use**
- **Eliminates foam from residues**
- **May be applied directly to carpet**
- **Protects vacuum motors against excessive suds from recovery tanks**
- **For use with portable extractors and truckmounted cleaning units**
- **Available in: 8 lbs (3.6 kg), 50 lbs (22.6 kg) or 450 lbs (204 kg)**

PROTECT YOUR EQUIPMENT FROM EXCESS SUDS

DIRECTIONS FOR USE:

Pretest in an inconspicuous location for color fastness and fibre stability.

Place 2 oz of Powdered Defoamer into portable extractor or truckmount recovery tank to eliminate foam build-up. To control foaming from detergent residues, sprinkle Powdered Defoamer lightly onto carpet, then proceed with normal cleaning procedures.

Mix 12 oz per gallon (3.78 L) of water to produce a liquid defoamer. Spray or pour into vacuum hose periodically while cleaning to control foam as needed.

NOTE: Do not mix Esteam Powdered Defoamer with any other chemical product.

Diluted pH: 7.5
Dilution Ratio: Ready to Use

Keep this product out of reach of children. Read the Material Safety Data Sheet and the Product Label before using. Take the necessary precautions dictated by the label to ensure that your health and that of your customers' is protected.
