

P.O.G.

Paint, oil and grease remover

P.O.G. (Paint, Oil, & Grease) is a non-volatile dry spotter. P.O.G. quickly penetrates beneath the spot and creates a suspension between the spot and the fibre.

- Dilution Ratio: Ready to Use
- Non-volatile slower evaporation
- Effective on gums, paints, oily soil
- Available in: 950 ml (32 oz), 4 L (1.06 US gal)

REMOVES TOUGH OIL BASED SPOTS SUCH AS LIPSTICK, OIL BASE PAINT, NAIL POLISH, TAR, ETC....

DIRECTIONS FOR USE:

Pretest in an inconspicuous location for color fastness and fibre stability.

Do not dilute, use full strength.

Apply a minimal amount of P.O.G. directly to the soiled area with a flip cap applicator or by moistening a clean white towel. Using a tamping brush, tamp the effected area to agitate. Blot with clean white towel working from the outside-in to prevent spreading of the spot or stain.

PH: N/A

Dilution Ratio: Ready to Use

It is recommended that Esteam Liquid Drycleaner be applied to the treated area, then absorbed with a dry, clean white towel to remove P.O.G. residue.

For best results, if not followed by Esteam Liquid Drycleaner, flush the effected area with hot water extraction using Esteam Fibre Rinse solution.

NOTE: Do not mix Esteam P.O.G. with any other chemical product.

Keep this product out of reach of children. Read the Material Safety Data Sheet and the Product Label before using. Take the necessary precautions dictated by the label to ensure that your health and that of your customers' is protected.
