## FIBRE GUARD

### Fast drying fabric protector

Fibreguard is a special blend of fast drying agents and protectors where over-wetting of fabric is a concern. Fibre Guard will guard against spots and stains caused by dirt, oily soils, greases, and water-based stains.

- **Dilution Ratio: Ready to use**
- **For use on upholstery and drapery**
- **Utilizes fast drying techniques**
- **Fluorochemical protector**
- **Protects fabrics, making spots and stains easier to remove**
- **May be applied to new or freshly cleaned fabrics**
- **Available in: 4 L (1.06 US gal)**

## PROTECT YOUR FABRIC FROM SPOTS AND STAINS

### DIRECTIONS FOR USE:

Pretest in an inconspicuous location for color fastness and fabric stability.

**Do not dilute, use full strength.** Using a pump-up or power sprayer, holding nozzle 8 - 10 inches from fabric, spray one even pass. For areas particularly subject to soiling, such as chair arms and cushions, a second pass can be made.

**Diluted pH: N/A**  
**Dilution Ratio: Ready to use**

Be sure to blot off any non-fabric surfaces which are sprayed when treating furniture. A drop sheet is recommended.

**Keep tightly capped when not in use.**

**NOTE:** Do not mix Esteam Fibre Guard with any other chemical product.

*Keep this product out of reach of children. Read the Material Safety Data Sheet and the Product Label before using. Take the necessary precautions dictated by the label to ensure that your health and that of your customers' is protected.*
