

# eclean

environmentally responsible cleaning

## PRESPRAY

*Eclean Green Prespray is a concentrated liquid preconditioner, formulated using eco friendly penetrating agents that loosen soils holding them in suspension for the final rinse process. This environmentally responsible cleaning product has been blended to meet or exceed the environmental choice criteria for green cleaning in today's market.*

*This product does not contain Phosphates, (APE's) Alkyl Phenol Ethoxylates or carcinogens and is VOC compliant.*

**Diluted pH: 8.9**

### **Directions for use:**

*Do not mix this product with any other chemical product. Vacuum carpet prior to cleaning. Pretest in an inconspicuous location for color fastness.*

*For pump up sprayer: Mix 118 ml (4 oz) of Green Prespray into 3.78 L (1 gal) of hot water.*

### **For HydroForce™ sprayer:**

*No tip 4:1 add 590 ml (20 oz) of Green Prespray into Hydroforce™ jug and fill with hot water.*

*Yellow tip 9:1 add 1.18 L (40 oz) of Green Prespray into Hydroforce™ jug and fill with hot water*

*Spray diluted solution onto carpet at a rate of 800-1000 square feet per 3.78 L (1 gal) moistening the carpet fibre. Using a carpet groomer agitate the prespray into the carpet fibres and allow 10 minutes dwell time before final rinse using hot water extraction*
