## Neutral

### Tile & Grout Cleaner

*Neutral Tile & Grout Cleaner. This hard surface neutral cleaner is powerful enough to remove all types of soils from any hard surface yet able to leave the surface neutral balanced. Neutral Tile & Grout Cleaner is also an effective rinse solution after the use of Acidic or Alkaline Tile & Grout Cleaners to neutralize the area preventing further degradation and prepare the surface for Tile & Grout Sealer.*

**Diluted pH: 7.5 - 8**

**Dilution Ratio: 1:85**

**Directions for use:**

*Pretest in an inconspicuous location for compatibility.*

*Normal soils, mopping: Mix 74 ml (2.5 oz) of Neutral Cleaner per 3.78 L (1 gal) of warm to hot water. (1:50 Dilution)*

*Heavy soil, mopping: Mix 103 ml (3.5 oz) of Neutral Cleaner per 3.78 L (1 gal) of warm to hot water. (1:36 Dilution)*

*Hard surface tools or rotary extractors: Mix 59 ml (2 oz) of Neutral Cleaner per 3.78 L (1 gal) of warm to hot water in mixing tank. (1:63 Dilution)*

*For truck mount meter feed systems: Mix 1.2 L (40 oz) of Neutral Cleaner into 5 gallons of water to make a truck mount slurry, set meter at 4-8 GPH depending on soil conditions.*

*For auto scrubbers and rinsing: Mix 44 ml (1.5 oz) of Neutral Cleaner per 3.78 L (1 gal) of warm to hot water in mixing tank. (1:85 Dilution)*
